25X1 4. [REDACTED] Called Mrs. Williamson, in the office of Senator Spessard Holland, and expressed our appreciation for her call of Monday concerning the employment applications of [REDACTED] and [REDACTED]. Security investigation is under way on both girls and should be completed in the latter part of March, well ahead of their April graduation from school. However, as the girls are aware, pre-employment physical and psychological assessments will be necessary after the completion of the security check prior to employment. Mrs. Williamson thanked us for the information and requested that the Senator's office be advised on the final outcome of the applications of [REDACTED] and [REDACTED].

25X1 5. [REDACTED] Advised [REDACTED] Security, that a hearing is scheduled for 19 February 1963 at 10:00 A. M., of House Foreign Affairs Committee, in their committee room, and that a sweep and security guard will be required.

25X1 6. [REDACTED] Received a call from Jim Kendall, Senate Preparedness Subcommittee staff, requesting informally that consideration be given to sterilization of the transcript of the Director's testimony before the Subcommittee on 6-7 February for public release. Mr. Kendall indicated that although such sterilization might not be possible, he needed guidance for future requests from the Chairman and Subcommittee members (a) whether the transcript might be sterilized and released, (b) whether if sterilized there would be insufficient information to warrant publication or (c) that sterilization and publication would be possible. Advised Kendall although release of the information did not appear possible under normal Agency standards, particularly in the instance where a statement on Cuba by the DCI had been released by the Subcommittee, but the matter would be checked and we would be back in touch.

25X1 7. [REDACTED] Mr. [REDACTED], called to say that Louis Myers, Comptroller of the Air Force, had been in touch with him and asked whether Robert Michaels, House Appropriations Committee staff, had been briefed on any of our programs. If so, Myers wished to brief Michaels on certain Air Force programs. After checking, I advised [REDACTED] that as [REDACTED] knew, Robert Michaels had been briefed and had signed security agreements on these briefings.
